

IMPORTANT NOTICE!

USED OIL SPECIFICATIONS

These Materials are ACCEPTABLE

1. Automotive Industry
 - A. Motor Oil
 - B. Automatic Transmission Fluid
 - C. Power Steering Fluid
 - D. Gear Oil
 - E. Diesel Fuel
 - F. Kerosene
 - G. Fuel Oil (#2, #4, #6)
2. Aviation Industry
 - A. Turbine Engine Oil
3. General Industry
 - A. Hydraulic Oil
 - B. Gear Oil
 - C. Fuel Oil (#2, #4, #6)

These Materials are NOT ACCEPTABLE

1. Chlorinated Solvents
 - A. Metal Working Fluids
 - B. Dry-Cleaning Solvents
 - C. Degreasing Solvents
 - D. Freon
 - E. Freon Contaminated Refrigeration Oil
2. Flammable Liquids
 - A. Gasoline
 - B. Naphtha
 - C. Paint/Paint Thinner
 - D. Fiberglass Resin
 - E. Parts Cleaning Solvent or Mineral Spirits
3. Other Wastes
 - A. Brake Fluid
 - B. Transformer Oil
 - C. Engine Coolant
 - D. Cooking Oil/Grease
 - E. Hazardous Wastes
 - F. Fire Resistant/Glycol Based Hydraulic Fluids*
 - * "Fyrquel", "Houghto-Safe", etc.

USED ANTIFREEZE SPECIFICATIONS

These Materials are ACCEPTABLE

1. Automotive Industry
 - A. Used Antifreeze* (Ethylene Glycol or Propylene Glycol Based**)
 - * Freeze Points/Protection >0°F (Below "0" or Stronger)
 - ** Regardless of Formulation/Color - May Be Comingled
2. Aviation Industry
 - A. Ethylene Glycol Based De-Icers
 - B. Antifreeze
3. General Industry
 - A. Ethylene Glycol Based Antifreeze*
 - B. Coolant from Chillers/HVAC Systems
 - C. Ethylene Glycol Based De-Icers/Antifreeze
 - D. Propylene Glycol Based Antifreeze*
 - * Freeze Points/Protection >0°F

These Materials are NOT ACCEPTABLE

1. Chlorinated Solvents
 - A. Metal Working Fluids
 - B. Dry-Cleaning Solvents
 - C. Degreasing Solvents
 - D. Freon
 - E. Freon Contaminated Refrigeration Oil
2. Flammable Liquids
 - A. Gasoline
 - B. Naphtha
 - C. Paint/Paint Thinner
 - D. Fiberglass Resin
 - E. Parts Cleaning Solvent or Mineral Spirits
3. Other Wastes
 - A. Radiator Flush
 - B. Brake Fluid
 - C. Used oil
 - D. "Non-Toxic" Antifreeze
 - E. Ice Melters
 - F. Oily Waste Water
 - G. Hazardous Wastes
 - H. Fire Resistant/Glycol Based Hydraulic Fluids*
 - * "Fyrquel", "Houghto-Safe", etc.
