June Newsletter

Theft from vehicles continue to be an issue across the city. Unfortunately, it is especially true in Sector 312. We have redeployed officers and changed some of our enforcement tactics with the use of the bike patrol that was mentioned last month. While we do have some vehicles that are vandalized when the theft occurs, for the most part it is still a matter of vehicles being **unlocked**.

This is a crime that is drawing a large amount of our resources that could be used elsewhere. It is also a crime that we, as a community, could have a direct impact on with little effort.

Please lock your vehicles and hide your belongings.

June was a bad month in regard to our crime numbers. The aggravated assaults are up but half of them have been cleared by arrest. One of the robberies has also been cleared by arrest. None of the violent crimes were random, they all involved targeted individuals so it is hard to develop a strategy to combat them.

Half of the stolen cars were either left running and unoccupied or left unlocked with a key inside. Again, this is another crime that can be avoided. Please stay vigilant. If you see someone that looks suspicious, please call us!!
