

I. Introduction

A. Request for Qualifications and Proposals

The City of Richmond, Virginia (the “City”) seeks interested, experienced and qualified destination resort casino operators to submit proposals for consideration of the development and operations of a resort casino including the location of the specific site within the City’s 62.5 square mile area. Richmond is the only city in Virginia authorized to develop and operate a resort casino that is centrally located along I-95 (north-south) interstate highway and I-64 (east-west) interstate highway. As the Capital of the Commonwealth, Richmond is the heart of Virginia – politically, historically and culturally. With the ability to attract a signature resort casino, Richmond seeks to create opportunities for high-paying jobs with benefits for its minority low-income wage earners, create sustained wealth for its minority businesses and entrepreneurs, develop synergies with its economic and community development objectives, and enhance the City’s annual revenues.

B. Overview/Background

As approved by the 2020 Reconvened Session of the Virginia General Assembly on April 22, 2020, Chapter 1197 of the 2020 Acts of Assembly and its identical counterpart Chapter 1248 of the 2020 Acts of Assembly (referred to herein as the “Virginia Casino Act”) authorizes a process for licensing and regulating the development and operation of a limited number of casino gaming establishments within the Commonwealth of Virginia (the “Commonwealth”). (The Virginia Casino Act is attached hereto as Appendix A.)

Pursuant to the Virginia Casino Act, the City of Richmond is one of five cities within the Commonwealth eligible to host a casino gaming establishment (the “Casino”), subject to the citizens of Richmond approving a referendum, which is anticipated to be held in 2021. Prior to requesting the court to order the referendum, the City must (i) select the City’s preferred location for the Casino (the “Selected Casino Site”), which must be listed on the referendum, (ii) select a preferred casino gaming operator to develop and operate the Casino (the “Preferred Casino Operator”), and (iii) submit the Preferred Casino Operator to the Commonwealth for pre-certification. If the voters approve the referendum then the Commonwealth may issue one, and only one, license permitting operation of a Casino in Richmond. Eligibility to receive such a license is limited solely to the Preferred Casino Operator selected by the City. (For more information, see attached as Appendix B instructions the Commonwealth provided to eligible host cities.)

Through the issuance of this Request for Qualifications/Proposals (“RFQ/P”), the City invites any qualified enterprise (each a “Casino Applicant” or “Applicant”) to submit one Response to the City that (i) demonstrates the Applicant’s overall qualifications to develop and operate a successful destination resort casino and (ii) contains the Applicant’s specific proposal for the location, development, and operation of a destination resort casino in Richmond (a “Proposed Casino Project”). Neither Chapter 21 of the Code of the City of Richmond nor the Virginia

Public Procurement Act apply to this RFQ/P.

The City will review the responses to this RFQ/P and evaluate the comparative merits of the Casino Applicants' visions for a Richmond casino and the socioeconomic benefits that such a project may bring to Richmond, its residents, and its business community. Based upon the responses submitted pursuant to this RFQ/P and any subsequent conversations and negotiations contemplated herein, the City intends to determine the Selected Casino Site and Casino Applicant as the City's Preferred Casino Operator.

Specific requirements for any responses to this RFP/Q are set forth in Section II below. Generally, the City encourages Casino Applicants to propose a Casino project that accomplishes the following City objectives:

- Induces capital and ongoing investment in the City to make a significant and lasting contribution to Richmond and the community;
- Creates sustainable and well-paying jobs with benefits, new employment opportunities, and workforce training programs for Richmond residents;
- Creates opportunities for upward economic mobility and wealth building for Richmond residents;
- Acts as a catalyst for additional economic development in the City and enhances the City's economic and community development objectives;
- Contributes to the City's efforts to attract sustainable economic benefits from tourism;
- Maximizes the economic impact of the project by including components in addition to gaming – e.g., hotel, non-gaming entertainment options, other commercial activities;
- Supports the City's mission to facilitate, produce, and advance opportunities for minority business enterprises (each an "MBE") and emerging small businesses (each an "ESB"), both as defined by Chapter 21 of the Richmond City Code, to successfully participate in the full array of contracting opportunities available in the city of Richmond;
- Adds to and supports the existing Richmond entertainment community;
- Provides a high-quality development of which Richmond can be proud;
- Is located in an area supported by the community as an appropriate location for a casino;
- Mitigates any potential adverse impacts on the City and its residents – particularly the neighborhoods in close proximity to the Casino; and
- Provides resources and additional revenues to the City that can be utilized to address important needs such as public education, affordable housing, and public infrastructure.

Any Casino Applicant selected as the City's Preferred Casino Operator will be expected to enter into a development agreement or other applicable contract(s) with the City upon terms and conditions deemed acceptable by the City and which comply with the Virginia Casino Act and any other applicable laws (the "Casino Development Agreement"). The City anticipates that the provisions of the Casino Development Agreement negotiated between the parties will adequately address, at a minimum, each of the items listed on **Exhibit A** attached hereto, to the extent permitted by applicable law.

C. City of Richmond Background

The City of Richmond was founded in 1737 by Colonel William Byrd II. He inherited lands on the north and south sides of the James River and became known himself as the "Father of

Richmond". He and his friend William Mayo developed a map of Richmond and the first lots were sold. Richmond first became a town in 1742 with a population of 250.

In early 1780, the State Capitol was temporarily moved to Richmond from Williamsburg at the request of the General Assembly, which desired a central location that offered better protection from British incursions. In May of 1782, eight months after the British surrendered at Yorktown, Richmond was incorporated as a city and officially became Virginia's new capital. On July 19 of that same year, Richmond's first City Charter was adopted.

While evidence of a rich history is evident throughout the capital city, Richmond is proud to offer modern-day opportunities to its estimated 228,000 citizens (Weldon Cooper Center for Public Service). Throughout its 62.5 square miles, the City offers a diversified employment base that extends from chemical, plastics, and beverage manufacturing to banking, biotechnology, knowledge-based services, and high-tech fibers. Richmond consistently ranks among "Best Places to Live and Work in America" in several national publications. While offering easy access to the ocean, mountains and Washington, D.C., Richmond features a broad array of local attractions, including several museums, numerous sports and entertainment venues, outdoor pursuits throughout one of the nation's largest river park systems, a vast array of historic landmarks, its own symphony, professional ballet and opera, as well as several prominent universities.

The City of Richmond continues to grow and look toward the future. With Mayor Levar M. Stoney's goal to build "One Richmond – a city that works, and works together", Richmond can look forward to improving the lives of its citizens by addressing: public safety; child poverty; developing an "education compact" with leaders of the city's school system, City Council, and City Administration; and improving city services to make City Hall more efficient and transparent.
