RVAgreen 2050 Community Working Group Friday, July 16th, 2021

Equitable Implementation & Accountability Meeting #1

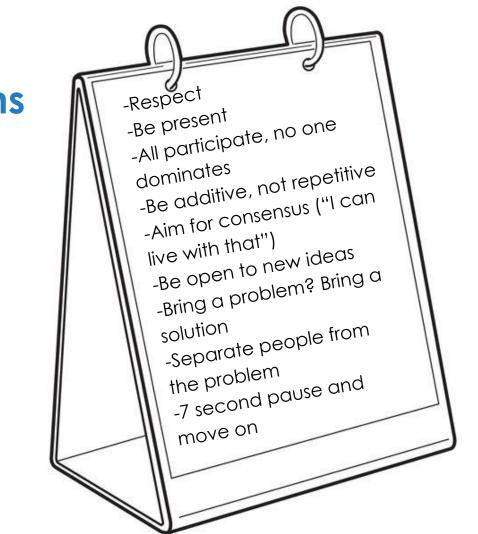

Agenda

- I. Intro: Settling in & ground rules
- II. Review: Update on how we are using the impact maps
- III. Key concept: Equitable implementation what does it entail and what needs to go into an implementation framework?
- IV. Activity: Defining implementation readiness, partners, next steps, and funding mechanisms
- V. Conclusion: Wrap-up and next steps

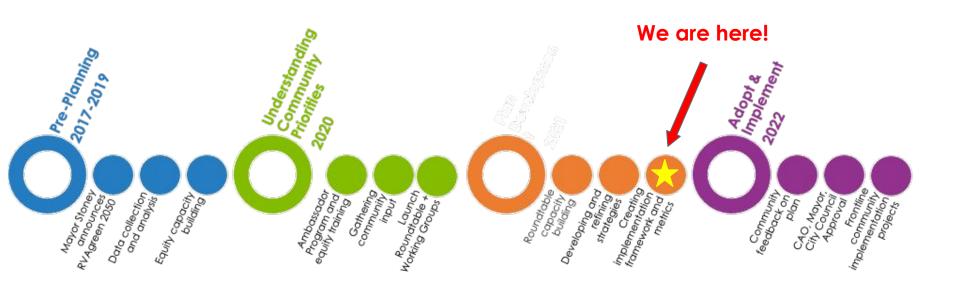

Today's Objectives

- Begin building out an equitable implementation and accountability framework for each strategy
 - Readiness
 - Equitable next steps
 - Implementation partners
 - Funding and financing

Ground Rules / Group Expectations

Process Overview

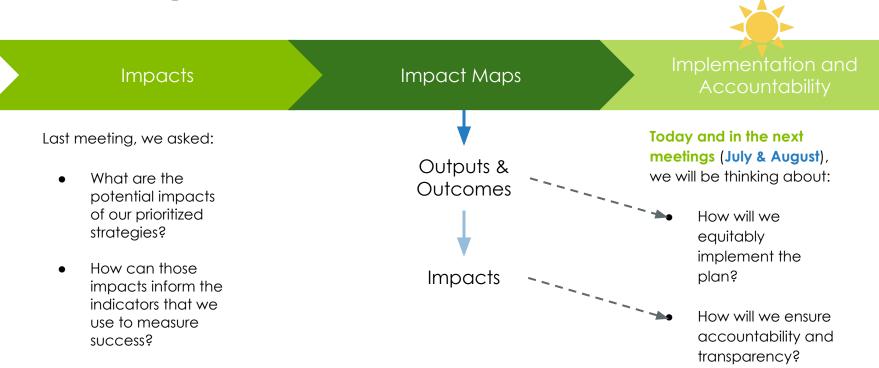

RVAgreen 2050 DRAFT Structure

Goals	What is the purpose of RVAgreen 2050?						
Vision	What does the ideal future look like when RVAgreen 2050 is implemented?						
Community Priorities	What cross-cutting public values do we want to center in our plan?						
Pathways	What leverage points will lead us towards realizing and operationalizing the goals and communit priorities?						
Objectives	What are the long-term aims we want to accomplish, organized into the different pathways?						
Prioritized Strategies	What are the strategies that will help us achieve our goals and what are the SMARTIE actions that will lead us there?						
Impacts	How will our strategies impact the community and lead to a more equitable, resilient, and adaptive Richmond?						
Indicators	How will we measure success?						
Implementation	How are we going to equitably implement, measure progress, and ensure accountability in this plan?						

Strategy Refinement Process Summer 2021

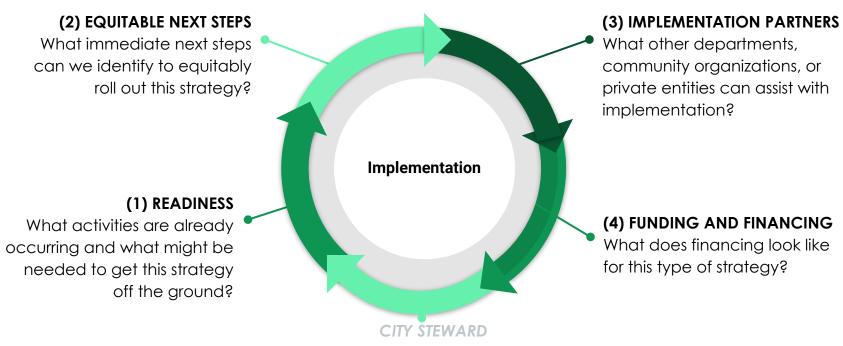

Equitable implementation and accountability framework

Equitable Implementation and Accountability Framework

Equitable Implementation

What city department is or will be responsible for overseeing implementation of this strategy?

Implementation - Strategy Subcomponents

To ensure that we are developing an actionable implementation plan, each strategy is broken down into its component parts.

We will be developing the implementation framework at the subcomponent level.

For example....

<u>Strategy</u>

CLIMATE IMPACT GRANT: Create a climate impact fund.

<u>Subcomponents</u>

- 1. Create a climate impact fund to provide grants to help target communities prepare for extreme weather events.
- 2. Establish framework for accepting and funding grant requests, including paying residents and enabling non-profits to work on climate action and resilience projects in target neighborhoods.

Implementation - Readiness

Readiness describes the status of each strategy subcomponent.

Key Question(s):

- What is the most appropriate readiness category for this subcomponent?
- If not, what is missing?

Ongoing/Already Underway: Implementation for this strategy has started.

Ready to Go: This strategy is ready to be implemented.

Aligned for Implementation: This strategy aligns with and will be implemented through another city plan.

Requires City Action: Policy changes at the city level are needed for this strategy to move forward (i.e. law must be passed or policy changed).

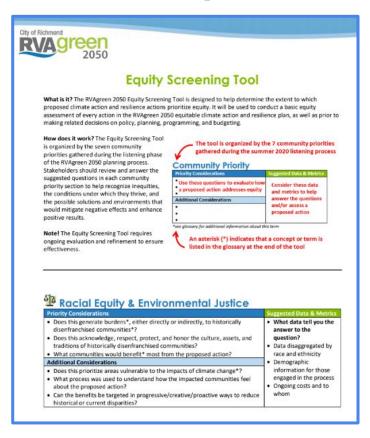

Requires State Action: Policy changes at the state level are needed for this strategy to move forward (i.e. law must be passed or policy changed).

Implementation - Equitable Next Steps

Defining equitable next steps will help determine how and where a strategy is implemented.

Key Question(s):

- What are 1-3 key next steps we can take to equitably implement this strategy?
- What are the major equity gaps/disparities that this strategy could address?
- How can we equitably prioritize the roll out of this strategy?

Implementation - Implementation Partners

Implementation partners are others that can assist with successfully implementing a strategy.

Key Question(s):

- Who needs to be involved in the implementation of this strategy in order for it to be successful?
- Who could benefit from the success of this action?
- What frontline or historically underrepresented community members or organizations should we include?

Funding and Financing Mechanisms & Pathway Maps

Funding & Financing Pathways Maps

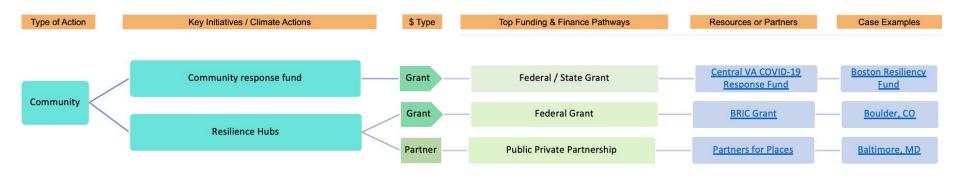

What are they?

 Visual communication tool showing the different funding and financing pathways available for Climate Action Plan strategies

Why are they useful?

- Foster collaboration with other internal and external partners
- Provide an easy-to-understand visual that can help secure political support and funding for implementation

Richmond, VA – Example Funding & Financing Map – Community

Implementation - Financing and Funding Mechanisms

Funding and financing mechanisms are ways to pay for strategy implementation.

Key Question(s):

- Will this strategy be supported by municipal budgeting? If so, how?
- What grants, partnerships, or other funding sources are you aware of?
- Are there any existing local programs that could be aligned with or expanded?
- What are some successful similar funding examples?

\$ Type	Definition
Grants	Repayment-free capital from federal, state or private funding sources
Partnerships	Resources and capital from non-governmental and corporate actors, spreading risk across multiple entities
Loans	Upfront capital whose principal and interest must be repaid
Bonds	Dependable, predictable financing for large infrastructure projects
Budget	Money from a city's general fund
Taxes/ Fees	New sources of revenue
Special	Other special financing arrangements, such as lease-purchasing agreements, on-bill financing, and community shared equity

Activity

Activity

Begin to develop and define the key implementation components for our strategies.

Breakout room discussion - 40 minutes per strategy (we will complete the remaining strategies next meeting) - construct the roadmap to implementation for each strategy's subcomponents

- 1. What activities are already occurring and what is the subcomponent's general readiness for implementation?
- 2. What are 1-3 key next steps, taking equity into consideration, for **getting this strategy off the ground**?
- 3. Who can assist with implementing this subcomponent and helping to carry out the next steps?
- 4. What does **financing** (specific sources of funds or general funding strategies) look like for this type of strategy?

Activity

Let's walk through an example together:

	13 Walk I		9 3.				9								
		Objective '	1: Ensure that h	istorically	disinvest	ed communities	that are most affec	ted by local climate in	mpacts are centered ar	nd involved in the proc	e				
Strategy	1	Notes/0	Comments	Readiness	(Status)	Relevant Legisl	ation	Equ	itable Next Steps						
	Subcomponents	Notes, comments, and feedback from previous meetings and feedback periods for consideration:		readiness categ	hat is the most appropriate badiness category for this subcomponent?		Use the equity screening tool to help think through the equity gaps:
