Emergency Stormwater Repair Project at 5002 Riverside Drive

Project Information:

Scope of Work: Emergency Stormwater repair project at 5002 Riverside Drive

Project Dates: This work will begin on March 18, 2024, and is anticipated to be completed on April 19, 2024, barring any weather delays or other unforeseen circumstances.

Duration: 5 weeks

Road Closure: 5000 block of Riverside Drive 24/7 until the pipe is replaced

Contractor: PB Chenault

Reason: Currently the existing pipe underneath the 5000 block of Riverside Drive is failing and has created a 8'x8'x7' deep hole at the edge of pavement.

Corrective Solution: This project aims to replace the existing failing pipe, structures and restore the roadway.
